# **PUBLIC NOTICE**

On April 5, 1994, the applications by **David Moody** and **David Moody** for a noncommercial FM station on Channel 207A at Crossville, Tennessee, and **Cumberland Communities Communications** for a noncommercial FM station on Channel 207A at **Pikeville, Tennessee**, were designated for a tentative hearing by the Federal Communications Commission, Washington, D.C. The hearing will be held at the FCC's offices in Washington, D.C. at 10:00 a.m. on August 23, 1994. The issues in the hearing are as follows: 1. To determine (a) the number of other reserved channel noncommercial educational FM services available in the proposed service area of each applicant and the area and population served thereby; (b) whether a share-time arrangement between the applicants would result in the most effective use of the channel and thus better serve the public interest and, if so, the terms and conditions thereof; and (c) in light of Section 307 (b) of the Communications Act of 1934, as amended, which of the proposals would best provide a fair, efficient and equitable distribution of radio service. To determine, in the event it is concluded that a choice between the applications should not be based solely on considerations relating to Section 307 (b), the extent to which each of the proposed operations will be integrated into the overall educational operation and objectives of the respective applicants; and whether other factors in the record demonstrate that one applicant will provide a superior educational broadcast service. 3. To determine in light of the evidence adduced pursuant to the specified issues, which of the applications should be granted, if either. A copy of the Moody application and related materials are on file for public inspection during normal business hours at **DAVID MOODY AGENCY, Woodhouse Hall, North Main Street, Crossville, TN 38605**.
